Is your company a scrutinized company?

Any Supplier that currently and/or previously, within the last three years, has had business activities or other operations outside of the United States, must certify that it is not a "scrutinized company". A scrutinized company is a company conducting business operations in Sudan that is involved in power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, but excludes a company which can demonstrate any of the following exceptions noted in O.C.G.A. Section 50-5-84. False certification hereunder may result in civil penalties, contract termination, ineligibility to bid on state contractors for three or more years, and/or any other available remedy. If the Supplier is a scrutinized company, the Supplier shall not be eligible to bid on or submit a proposal for a contract with the State Entity unless DOAS makes a determination in accordance with O.C.G.A. Section 50-5-84 that it is in the best interests of the State to permit the scrutinized company to submit a bid or proposal. Any scrutinized company desiring DOAS to make such a determination should contact both DOAS and the Issuing Officer immediately.

Please make a selection from the three options:
A. I certify my company is NOT a "scrutinized company"
B. I certify my company is a "scrutinized company"
C. I certify I have requested and received written permission from DOAS to submit a response to this Event in accordance with O.C.G.A. Section 50-5-84.

Reciprocal Preference Law O.C.G.A. §50-5-60(b) In which state is your company domiciled?

For the purposes of evaluation only, Suppliers resident in the State of Georgia will be granted the same preference over Suppliers resident in another state in the same manner, on the same basis, and to the same extent that preference is granted in awarding bids for the same goods or services by such other state to Suppliers resident therein over Suppliers resident in the State of Georgia.

NOTE: For the purposes of this law, the definition of a resident Supplier is a Supplier who is domiciled in the State of Georgia.

Georgia

Please select the option that most accurately defines your company, based on the definitions below.

***Georgia Resident Business means any business that regularly maintains a place from which business is physically conducted in Georgia for at least one year prior to any bid or proposal to the state or a new business that is domiciled in Georgia and which regularly maintains a place from which business is physically conducted in Georgia; provided, however, that a place from which business is conducted shall not include a post office box, a leased private mailbox, site trailer, or temporary structure.

**A Small business is defined as a business that is independently owned and operated. In addition, such a business must either have fewer than 300 employees or less than \$30 million in gross receipts per year.

*A Georgia Resident Small Business would be a business that meets the requirements for both a Georgia Resident and Small Business.

Also, the State encourages all companies to sub-contract portions of any state contract to small and minority business enterprises. Suppliers interested in taking advantage of the Georgia income tax incentives provided for by the Official Code of Georgia Annotated Section 48-7-38, relative to the use of minority subcontractors in the performance of contracts awarded by the State of Georgia, should contact the Vendor Relations Administrator:

Any Supplier that currently and/or previously, within the last three years, has had business activities or other operations outside of the United States, must certify that it is not a "scrutinized company". If the Supplier is a scrutinized company, the Supplier shall not be eligible to bid on or submit a proposal for a contract with the State Entity unless DOAS makes a determination in accordance with O.C.G.A.
